St Columba's School is Open

Dear Parents and Caregivers

As we head into the four-day lockdown due to COVID-19, we wanted to check-in that all our St Columba's School families are traveling okay. We will also give a brief update on some key information. Please note, this information is changing daily, however we thought it important to give a sense of what we are planning for tomorrow onwards.

- St Columba's is open tomorrow for all students.
- If you wish to keep your child/children home, can we please ask that you email your child's teacher.
- All parents to please wear masks when on site and through Kiss and Drive.
- Parents across all years have the option to drop off children at the classroom door. *We encourage the use of the Kiss and Drive this week.*
- Parents are **not** permitted to enter the classrooms as from tomorrow.
- Drop-Off and Pick-Up for Pre-Kindy and Kindergarten is still at the classroom door.
- Pre-Primary to Year 6 pick-up remains as current at the Kiss and Drive.
- OSHC - please ensure you wear a mask when you drop off and pick up your child/children from the OSHC door.

IMPORTANT: If you have visited any of the exposure sites, you and your family must stay home and be tested.

Thank you for your support and stay safe.

Warmest regards

Art Lombardi
Principal
