Midland Line Full Line Three Day Closure

Good morning,

Please note that Transperth Midland Line services will be **cancelled all day** on Friday 11 February, until last service Sunday 13 February. This will potentially impact students and staff travelling to and from your school on the Friday.

Train replacement buses will be operating, but we encourage all students and staff who travel with Transperth to plan ahead that day and allow extra travel time.

Transperth will be undertaking a comprehensive campaign to reach all passengers travelling on the Midland line so that they are aware of the shut.

For more information, please visit the [Transperth website](#).

Yours sincerely
