# Excursion Information

By booking your child in to an excursion day you are giving permission for your child to take part in the activities planned for that day and to travel to and from the venue in the buses.

All children **MUST** attend the excursion. There is no provision for children to remain behind at the service. Parents must also sign the excursion permission form which will be available to sign at the OSHC service in the weeks leading up to vacation care.

The children's safety is our utmost priority while on excursions and we have a comprehensive risk assessment for each venue. Our Nominated Supervisor attends every excursion and we maintain higher child to educator ratios than is required. We have robust systems in place to ensure that all children are accounted for at all times.
