

Musical Marvels Unleashed at Our School!

Hey there, wonderful parents and guardians!

Get ready to be amazed by the incredible musical journey our students have embarked upon. From high-flying explorations to toe-tapping adventures, our classrooms are buzzing with musical magic that will have you grooving in your seats!

Let's dive into the awesome world of musical exploration happening in each year group.

 **Kindy Groove Expedition:** Our little explorers in Kindy are taking their voices and percussion instruments on a wild ride through the realms of high and low notes! They're not just playing instruments, they're soaring through the musical skies while keeping the beat with their energetic moves. Who knew learning could be so rhythmic and exhilarating?

 **Pre-Primary Sound Safari:** Calling all sound adventurers! The Pre-Primary students are on a mission to discover the world of long and short sounds in music. Armed with their voices and classroom instruments, they're creating compositions that'll make your heart dance. Timbres are their secret weapons as they experiment with different ways to craft enchanting musical stories.

 **Year 1 Symphony Architects:** Hold on tight, because the Year 1 students are composing their way to stardom! Armed with symbols and graphic notations, they're weaving tales of pitch and expression into stunning musical masterpieces. Brace yourselves for their awe-inspiring performances on instruments and even iPads – these young maestros are taking center stage!

 **Ukulele Unleashed by Year 2 Rockstars:** Get ready to strum, pluck, and groove with the Year 2 students as they embark on a ukulele adventure! They're mastering the ukulele basics like true rockstars, from understanding the instrument's parts to nailing the thumb brush strum technique. Open string melodies are their playground, and they're even accompanying recorded tunes with their tuneful skills.

Year Three rockstars have been jamming with musical notation – think rhythm, pitch, and time signatures. But that's not all – they're becoming music maestros by getting the hang of dynamics, tone colors, and tempo. Through fun activities like listening, performing, and composing with keyboards and percussion instruments, they're uncovering the secrets of musical jargon. Oh, and did we mention they're already grooving to different music genres? 🎸 🎹 🥁

Now, onto the Year Four crew – they've leveled up in the musical game. They're like notation ninjas, mastering the art of conventional musical symbols. Putting those expressive elements to work in their performances and compositions with keyboards and percussion instruments, they're on a journey to become true music aficionados. And guess what? They're speaking Italian now – well, at least when it comes to musical terms. IT 🎵

Year Five, you're in for a treat! These musical dynamos have been cracking the code of traditional notation. Armed with marimbas, guitars, keyboards, and classroom percussion instruments, they're honing their skills both solo and in harmony. Not only are they creating some killer tunes, but they're also discovering how different musical elements define genres. And yep, they're turning those discoveries into their own musical masterpieces using instruments and technology. 🎸 🎹 🥁 🎧

Year Six, prepare to be amazed! These virtuosos are taking their individual and ensemble skills to new heights. With marimbas, guitars, keyboards, and classroom percussion instruments, they're like a musical dream team. They're not just playing – they're composing and performing with a deep understanding of form, rhythm, pitch, tone color, tempo, and dynamics. And guess what's even cooler? They're diving into the unique features of various musical genres, decoding the secrets that make each style stand out. 🎵 🎧 🎸

The combined choirs (Years 3-6) are off to the Performing Arts Festival this week. We wish them well for their performance. We also have a number of solo performers at the festival this year. Stand by for more information as the results come in...

So, there you have it – a whirlwind tour of musical awesomeness happening across the years. 🎸 🎹 🎵

Year 6 pop ensemble with guitars, keyboards and basketball drumming.

Year 3 learning about beatboxing, pitch and mixing with Incredibox.

Year 5 drumming rhythms in 3 parts.
