

STAFFING AT OSHC

We follow the Education and Care Services National Regulations at our OSHC service. This means that at a minimum we have the following educator to child ratios at all times (depending on child needs and activities we may have more educators rostered on):

- Sessions in which one or more kindy children are attending = 1 educator for every 10 children
For every 30 children in attendance, one of those educators must hold an appropriate qualification in childcare.
- Sessions in which no kindy child will be attending = 1 educator for every 13 children.
For every 40 children in attendance, one of those educators must hold an appropriate qualification in childcare.

Supervisors

OSHC Supervisor

Jess Scott

BSc Psychology; Post Graduate Certificate of Education
15 years of experience as an OSHC Supervisor
